OUR VISION

“To create a brand that competes internationally”

OUR JOURNEY

Inova is a software development company, headquartered in Alexandria Egypt. Since 2011, we have been developing native mobile applications for our clients around the world. We depend on software outsourcing to fulfill our customers' dreams and promote our brand.

OUR SERVICES

iOS App Development

Is our team speciality, with more than 5 years of experience developing a large variety of iOS genres like Lifestyle, Education, Fashion and 2D games. We always provide our clients with best consultation service and guidance in iOS development and that's why our clients rely on and trust us.

Android App Development

Supporting a large base of users is what we like most about Android development, that's why we always make sure to support all screen sizes. We have been providing Android development service for clients from USA, New Zealand and UK, whom always appreciate our service and gave us great feedback.

Hybrid Mobile Apps Development

What we love most about hybrid app development is ability to support multiple mobile platforms with a single code. We use platforms like Sencha Touch and Xamarin to develop educational apps and games which gave us excellent reviews from users on different mobile stores.

Our Competitive Advantage

- **Inova** is positioning itself as one of the leading outsourcing companies in Egypt, providing software design and developing services for countries as diverse as the USA, UK and the Middle East.
- Mobile application development for iOS and Android is our sepecility.
- Focusing on high quality is our main competitive advantage.
- On Time delivery, guiding our clients to the best alternatives are our top priorities.
- We provide free consultation for both our own client and prospect client.
